

**Back from the Bush 2014, mission letter #4**

1-26-14

Greetings to all,

I am sitting at my desk in the US as I write this.

Time has flown by. Too much to do in too short of time.

We had Liberian friends at our house till 11:00PM the night we before we started our trip home. Our team left for the airport early enough just in case we had a problem on the road. The main road from Phebe Hospital to Monrovia is under construction and with any kind of rain becomes very treacherous. Thank God we arrived at the airport with no problems.

After safely seated on our plane Barry, Chen, Deb and I all gave thanks again to God for our time in Liberia. The flight home was uneventful. Thank God.

We want to thank all those who lifted us up in prayer while in the field. We ask you to continue to pray for God's Precious Children as we continue the work God has given us to do.

In His service
